

Danes Class Home Learning Projects - Autumn Term 2021

In order to support and enrich our learning in class, each child should choose one of the activities below linked to our work about the Second World War. Once completed this should be brought into school where it will be shared with the class. Children may prefer to use ideas of their own, or even wish to complete more than one of the activities below – we are very happy for the children to be as creative as they wish! Please make sure that work is completed and brought into school by Wednesday 20th October at the latest.

Find out about the rationing of food during the Second World War. You could make your own ration book, look at conversions between imperial and metric units of measure and perhaps even try out some recipes. It would be great to see some photos (or even some samples!) of what you make. You could practise your beautiful cursive handwriting by copying out some recipes – you could even make your own recipe book.

Research different world leaders during the Second World War. Create a Powerpoint presentation with a slide about each leader. You could include:

- A short biography
- A picture of the leader
- The country's flag
- A map to show where the country is

Make a model of a Second World War plane. Find out as much as you can about the plane to make your model as accurate as possible. Perhaps include a factsheet about your plane.

Look online for some posters that were used during the war to encourage reduction of waste, healthy eating, growing your own etc. Use these for ideas to design a poster of your own with a similar message. Remember to include a catchy slogan (e.g. Plant a Victory Garden – Our Food is Fighting)!

Listen to some Second World War songs. You could practise your beautiful cursive handwriting by copying out some lyrics – you could even make a song book. You could find out about the artists and produce an information sheet about them. Perhaps you could even learn to play or sing one of the songs...or even compose your own!

Imagine you were a child who was evacuated during the war. Write some diary entries about leaving home, your journey to the countryside and your time away. Try to include lots of detail – include your feelings as well as your experiences. You could also write some postcards or letters home.
