YEAR FIVE & SIX HOME LEARNING PROJECTS
AUTUMN TERM 2 2026

In order to support and enrich our learning in class, each child should choose one of the activities below linked to either our 'North America' learning in geography or our work in science 'Animals Including Humans'. Once completed, this should be bought into school where it will be shared with the class. Alternatively, work could be submitted via Seesaw. Children may prefer to use ideas of their own, or even wish to complete more than one of the activities below – we are very happy for the children to be as creative as they wish! Please make sure that work is completed and bought into school by Thursday 10th December at the latest.
